JOHN A. BREWBAKER

Academic

Her friends call her "Little Bit", wonder why? What a versatile little girl she was. As an actress you saw her in "Julius Caesar" II and "Harriet" III. As a newspaper woman she is Co-Editor of H.W.N.W. She should be a card shark too (Bridge Club III, IV).

"Joe"

Academic

Curly-haired "Joe" was interested in most sports. Built like a Greek God! An all-right guy.

CHARLES W. CHATKIN

"Charlie"

JEAN M. DONALDSON

Music was her weakness—you couldn't have missed her alto voice in Glee Club, Mixed Chorus (what's that, new kind of drink?) and Girl's Glee Club.

DONAVAN F. DAY

They called him "Duff". Maybe it should have been "Nature Boy". Was a member of Field and Stream for two years. Did you ever catch anything, Don?

Academic

"Dully" was a busy little boy. He was probably most active on the United Stage Committee. Sometimes appeared on the stage as he did in "Harriet" and the Pan American Day Assembly.

CONNIE L. FEISER

"Flip" was our gal of many interests, but music was her first love—the Glee Club claimed lots of her time! Quite the athlete was Flip, when she wasn't traveling with the Travel Club, or workin' on the Heiskelite!

BRENDA L. DYE

Married Aug 1958

LOIS E. ECKSTINE

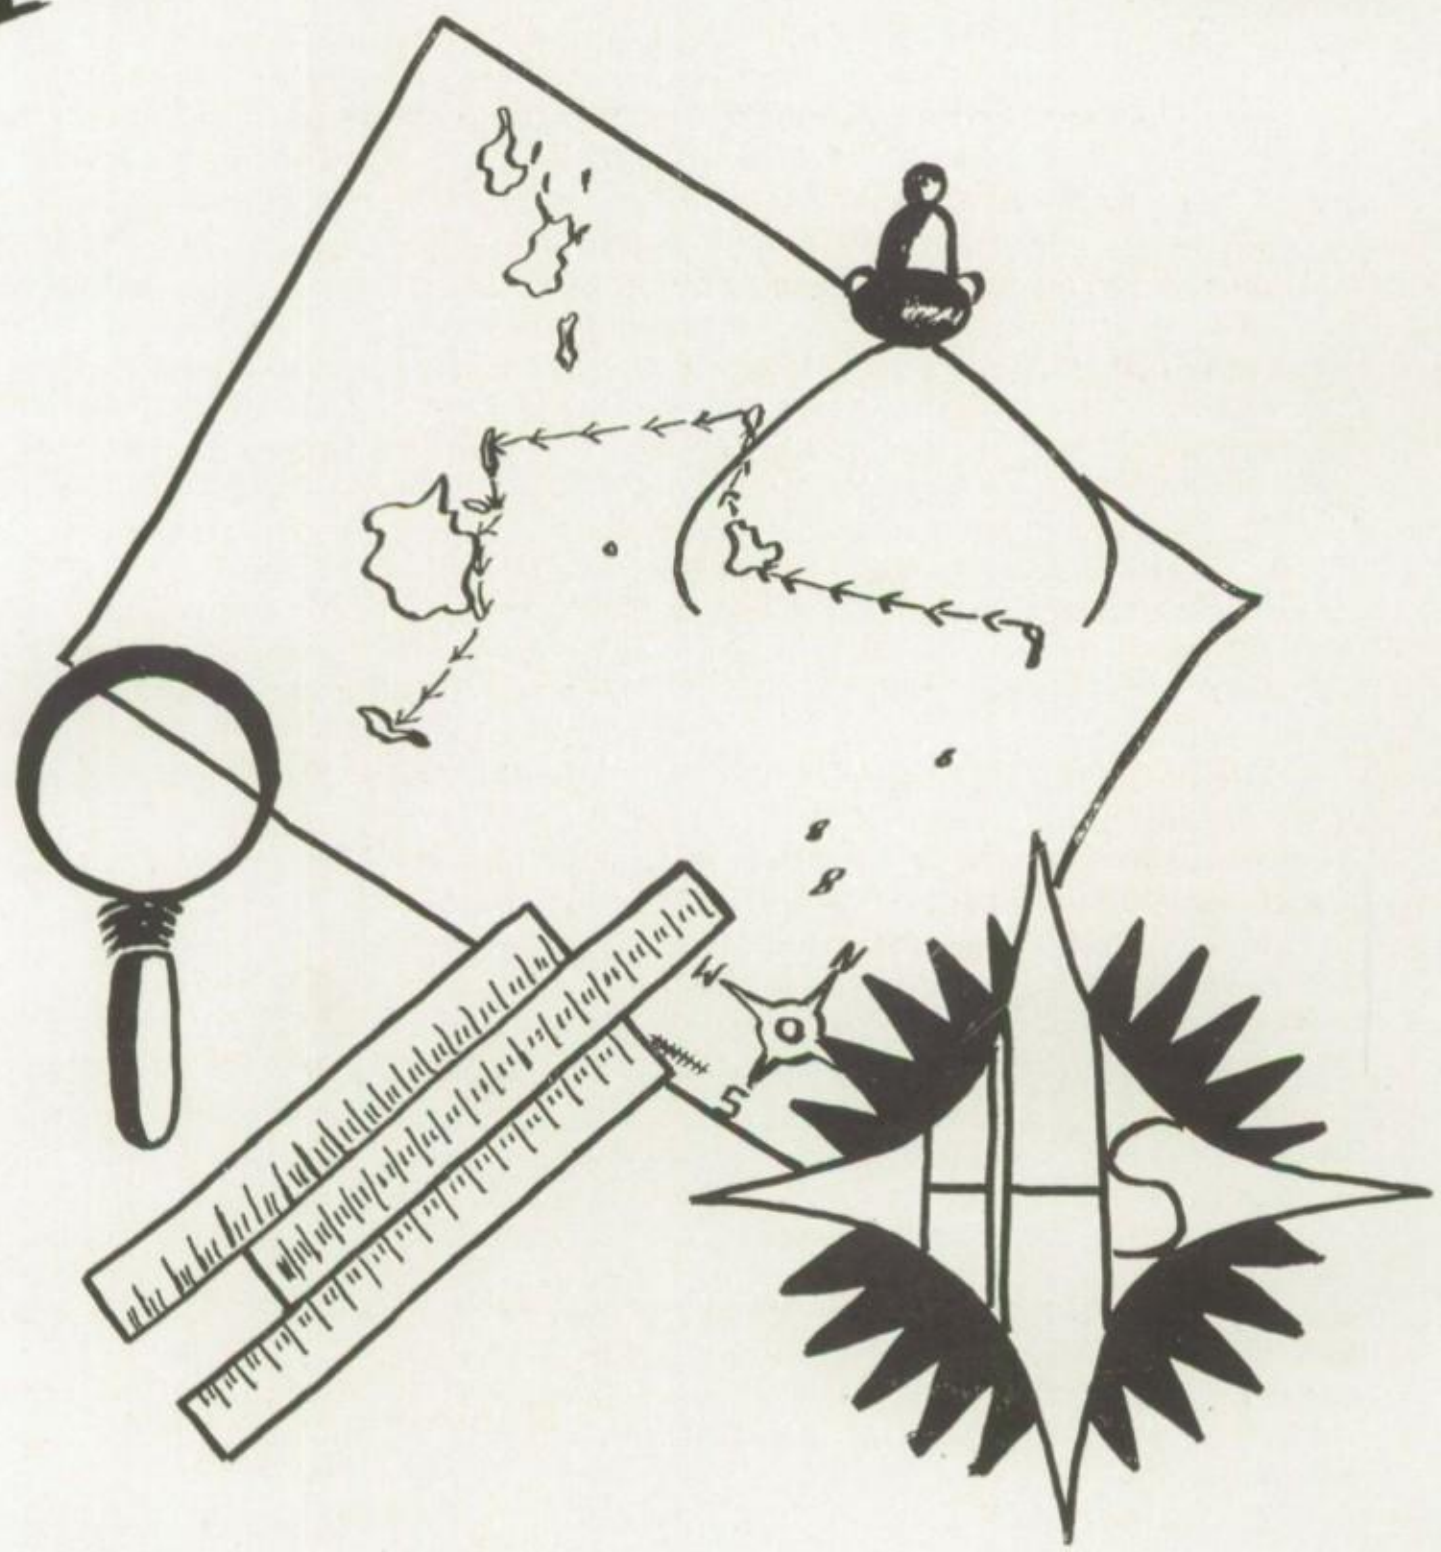
And . . . . . .

The class of 1950 wills all the work (and fun!) of being seniors to the class of '51.

Signed and Witnessed,
The Class of '50.

PROPHECY



Prophecy Class of 1950

Here we are friends, ready to board the magnificent luxury liner, the H. H. S. *Futuria*, Number 1950. The ship resplendent and gleaming, looms above us. Its mighty hull beckons to the eager tourist. The black smoke stacks pierce the cloudless blue above them. Inside, the engines revolve with oiled precision. The *Futuria* is ready to embark on its first, long cruise.

But let's mingle among the piles of cargo on the docks. Don't get in the workmen's way. Some dockhands, who look like Bill Hook, Donnie Grams, Howard and Eddie Nigh, and Jimmy Plummer are busy loading barrels. Look out! You almost lost a head or two. Tub Slick isn't used to operating a crane, yet.

Crowds are milling around the pier. Don't look now, but Shug Lacy and Harry Wood are sitting down again. Wait 'till crew boss, Tom Horn, sees them loafing.

Enough of the docks. Let's skip up and get our reservations at the ship line's office. Here's a whole chorus of lovely stenographers: Gloria Kershner, Theresa Blevins, Dolores Filipovitz, and Pauline Boretos. And guess who's president of the ship line? You're right. It's Dick Bearinger. Who else would have so many secretaries?

There are a million and one things to do before shoving off. First, we'll trot over to the insurance office. Super-salesman Danny Rohrer just sold us a fire and water policy. Now to get some clothes at Charlie Cronauer's *Salon des Originalles*. Connie Lookabaugh, Sharon Kiser, Pat Gray, and Eva Delle Scott model his creations. The gals that sew them up are Mina Boward and Carolyn Burkhart. Weinberg & Dullabaun's Leather Goods Store carries all sorts of luggage. Passports? We can get them at the law firm of Groh & Groh.

Once again, we are on the docks. The passengers are arriving, each being thoroughly inspected by public health officer, Helen Smith. To the right! Standing there is John Minnich, the Senator, and his campaign manager, Jack Ervin. They are holding a press conference with news hounds Brish and Thomas. Speaking of politics, Harry Beatty and Ken Beckley are apple-shining already.

Here's a bunch of school teachers. Phyllis Myers, Elinor McHenry, Susie Mullendore, and Clarence Young must be taking a breather before the next term. Comes the army! There's Jack West, Harry Stains, Dick Jackson, and Jim Humelsine. Four-way protection plus.

We'd better climb aboard to "sea" what we can "sea". Go way down in the hold and inspect the cargo. See, or rather smell, the live stock. Keith Myers, Buddy Johns, John Shank, Dick Pickett, and Clyde Creek are here (they take care of the livestock. Well, somebody must keep the animals happy).

In the engine room we find Jerry Moore, Cornelius Michels, Don Custer, Dick Cline, the machinists. Jay Troxell is the gaser. In the galley (kitchen, to landlubbers) chief-cook-and-bottlewasher, Deedle Huyett, is directing his connoisseurs of fine foods, Dick Saunders, Tony Hoffman and Cletus Hancock. Patsy Barr and Ollie Smith do the cooking. Bill Shoemaker is head waiter. He and his assistants, Charlie Barr, Bill Draper, Bob Hoover, Harry Harshman, and Kenny Lum are in charge of an army of waiters. To mention a few waitresses, there are Betty Gearhart, Joyce Flanagan, Carol Gardner, Nancy Forrest, Janice Carty, Jane Willson, and Barbara Grover. And dishwasher, General Electric.

There are deck-cleaners, bridge-cleaners, cabin-cleaners, and vacuum-cleaners. We notice Marlene Rife, Mary Ann Beck, Patsy Betts, Nancy Campbell, and Joyce Miner, who are literally up to their knees in hot water.

Of course, the navy-men—the guys that really know sailing, Joe Castang, Elwin Mozingo, Lauren Forsythe, Ronnie Wolfkill, and John Warrenfeltz are too busy to watch the passengers. Mate Bill Foreman really keeps them stepping.

Prophecy Class of 1950 (continued)

Up on the bridge the ship's radiomen, George Geesey, Frank Yellott, and John Richey, are telegraphing farewell messages. The course is being plotted by navigators Al Henneberger and Frank Roth. But they are continually interrupted by that clown, Glenn Presgraves. The word "Clown" brings to mind the other ones we saw today—Peepie Marshall, Bill Rinn, and Nancy Clapp.

The liner even has its own fully-equipped hospital. Head M.D. is Bill Chatkin, who is constantly plagued by his able nurses, Marion Smith, Gloria Boward, Trudy Fowler, June House, Marlene Warden, and Angela Shindle. Phil Rohrer runs the pharmacy. Pat Reid is the laboratory technician. So, if you want a sure-fire cure for sea-sickness—stay home.

We've just met the chief steward, John Werking, and his stewardesses, Joanne and Marjorie Moats, Joan Stine, Betty Ann Young, Bernice Trimmer, Dorothy Johnson, and Yvonne Peyton.

Let's go look at the ship's roster. It says here that the "Soon-To-Be-Wed" Club is sailing. Its members are Rosie Barr, president; Katherine Daugherty; Dolores Ruth; Minkey Baughman; Carman Schindel; Reatha Lovell; and Jo Ann Frizzell. A few ready-willing-and-ables are aboard; Becky Sixeas, Jo Anne Bovey, and Barbara Doarnberger. And to prove that everybody wants to be in the act, Don West is here, too.

Television and movie cameramen, Jim Williams, Tom Snavely, Dave Brezler, and Bill Needy, move in closer to catch actresses Sally Lee Schindel, Joanne Barkdoll, and Jean Willis, in some cheese-cake poses. There are a lot of celebrities aboard this trip. Madamoiselle Gordon is a world-famous ballet dancer. Nick Broadwater brought along his Stradivarius, and Maurice Hildebrand, his "antique" organ. Mary Louise Neikirk will probably say a few words enroute to Gay Paree. And little Jack Horner's sitting in the corner.

The world of sports is here. Terry Mose, Don Day, Connie Hemphill, Bud Byers, Tony Diseati, Bob Harshman, Pete Ridgeley, and Alan Barnhart are on their way to the Olympics. They are certain to beat "Loud Mouth's" record of '49. The sports women, Alice Sinsel, Virginia Zeigler, Pat Melzer, Elsie Semler, Pat Rohrer, and Phyllis Hamburg, are going to train on the way over; wonder who their trainer is? It's heard that Don Davis is. Oh well, live and learn.

Let's look at the program of recreation for the cruise. For dancing Bill Gaver and his Siamese clarinetist, Bob Brandenburg will play. Janie Lochbaum and Vanette Detrich are the vocalists. The Hess, Rouzee & Cave Troupe are guaranteed to "cheer" you. If your egotism gets you down, have Joyce Brenner, Connie Wastler, Lois Houpt, or Sonnies Harp and Gelwicks draw your portrait. Or, if it is those "worn-out" Doddy Lewis and Maggie McCubbin will entertain you.

Among the guests are Francis Churchill and Christa Ulbrich. Francis is going to the Wilds of Africa to meet the savages; and Christa is going home. Several "ladies of luxury" are being fashion plates today. There's Betty Bange, Pat Gray, Connie Feiser, and the Yinglings. Well, here's hoping they have a lovely time!

It's almost time to embark.—Let's get to a railing, it might come in handy on the High Seas. Hey! What's all the excitement around the life boats? They've found two stowaways. Someone said their names were Hal Lane and Jack Wagaman. Oh well, nothing ventured, nothing lost. They're being escorted off the boat by Mate Kiehl Poffenberger.

Quiet, everything ready for the sailing. The Captain, Henry Hendel, and his Lt. Jr. Grade, Joe Metz, have appeared on deck. Down on the docks the Classes of '51 and '52 look small. But they are shouting *bon voyage*, and smiling. The official farewell commission headed by Mr. Solt and consisting of the faculty have said their last adieus.

Slowly, yes slowly, but steadily the giant luxury liner steams out of the harbor. The flags goes up, flap bravely in the breeze. The ship is disappearing in the misty horizon. Good-by Class of 1950.

1. Hold tight! (Daugherty's)
2. Gray's fire engine!
3. Hop-hop, wittle bunny (S. Mullendore)
4. Open arms from Sally Schindel.
5. Goldielocks!
6. Is that Millie?
7. In your backard. (Geraldine).
8. Easter parade with Connie Feiser.
9. Roller skatin'?
10. Just walkin'?
11. Goin' somewhere?
12. Always friends!
14. Put that tongue in, Gordon!
15. Stop the music! (Barkdoll & Thomas)

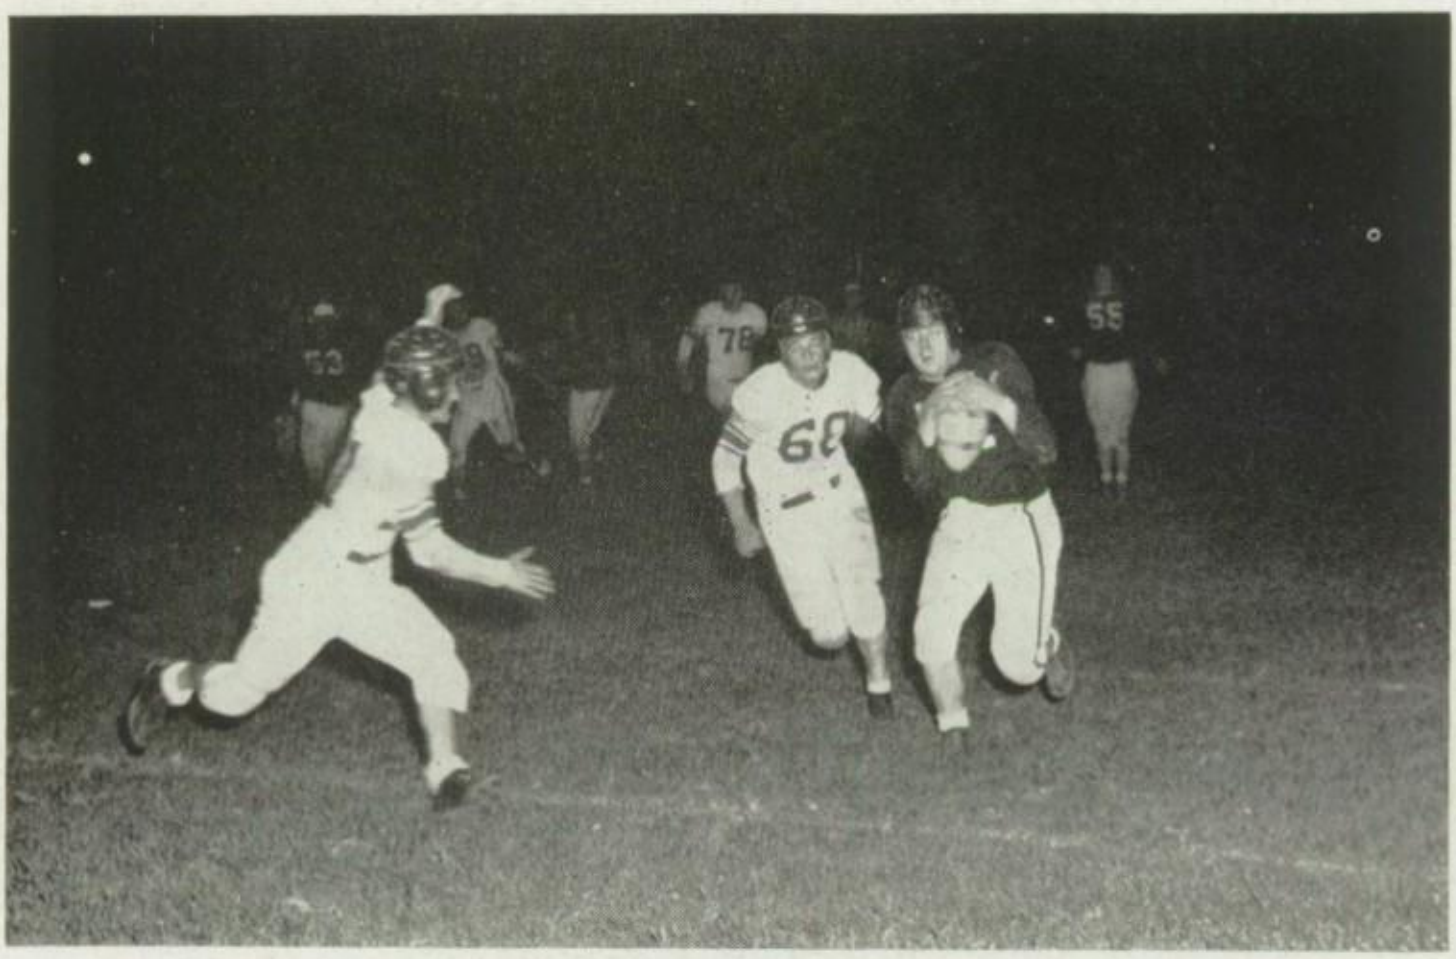
TOUCHDOWN BOUND

On Armistice Day, the City College football team played our Maroons on the Municipal Stadium gridiron. City College emerged the victors although out-played throughout the game. Pictured above is Halfback John Ramer dashing for paydirt. He scored.



GO GET HIM

With Ott Long, number 60, moving in from behind, Tony Diseati, player in foreground, prepares to knock a McKinley player to the turf.

NICE PLAY

With the able blocking of Ott Long in center and Ernie Wolfe, No. 77, John Ramer breaks through tackle for fourteen yards and a first down against the Bulldogs of Martinsburg at the Municipal Stadium.

HEY, LEGGO!

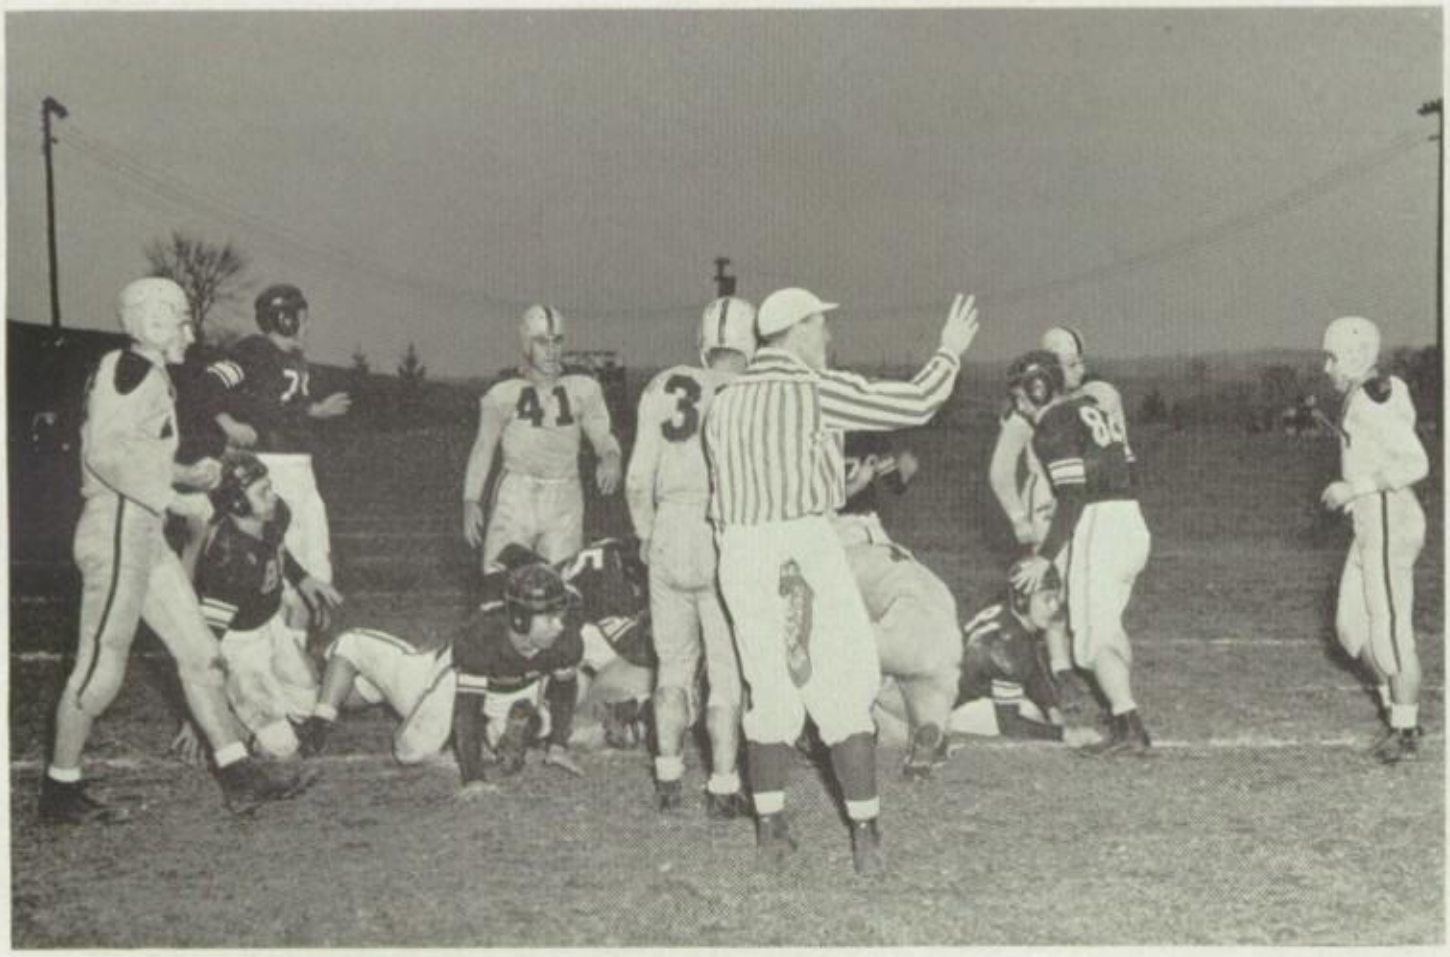
An unidentified Frederick player is pulling Johnny Ramer down from behind in the game played against the Cadets in that city. No. 90 is Tom Bowers on the extreme left. Hubs won the game 21-6.

ON THE WAY DOWN

With the Hubs wearing white, No. 51, Jack West is ready to take out some interference to no avail. John Ramer, with the ball, is in the process of being tackled by a McKinley tech player. Ernie Wolfe, in back center is moving in too late to help.

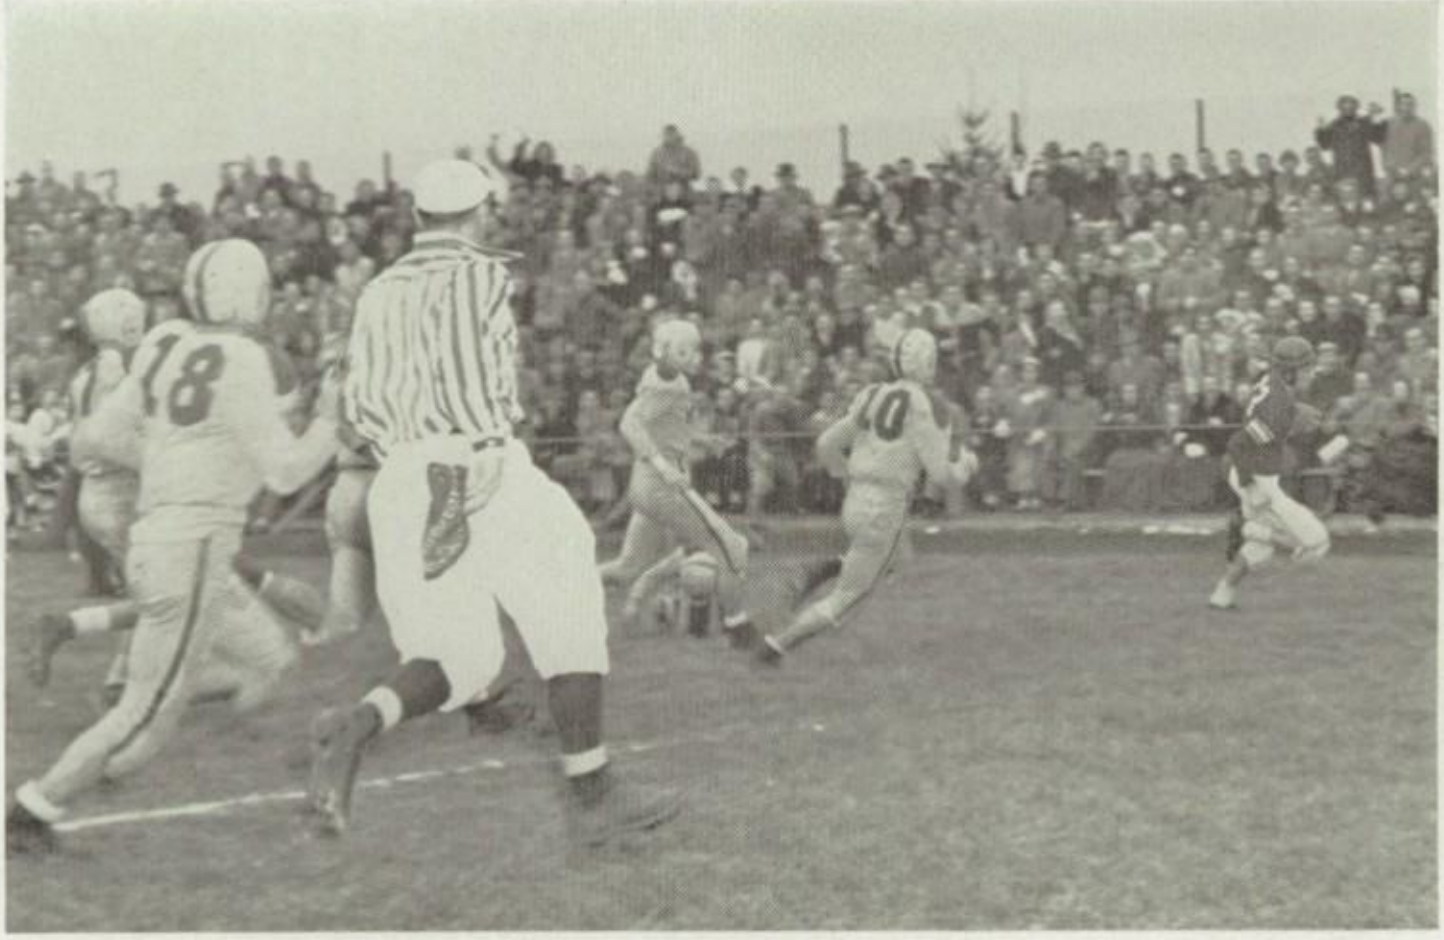
HOLD ON

Noel Spence, soph center, grabs Montgomery Blair, star halfback Ray Luckett and brings him down. Other Maroon players are from left to right: 80—Pete Ridgely, 81—Henry Hendel, 88—Connie Hemphill, and 84—Marvin Warrenfeltz.



NICE NEAT PILE

This is what is left of the line after a hard charge near the goal line. The Hub linemen were rewarded by their hard work when the fullback, Pete Ridgely, crashed through and scored for the Maroons against the Tornados. Ridgely is on the ground directly in front of the umpire. Other Hub players: far left Connie Hemphill (on knees), Ott Long (standing), Ernie Wolfe (near center on ground), Henry Hendel (on ground) and Ronnie Wolfkill (standing on right).



DIG

Jack West, Hub quarterback, with ball out ran these Tornado players and scored a touchdown for Maroons in the annual Turkey Day clash held in Waynesboro. The touchdown was called back because Jack had stepped out of bounds in the process of scoring the six-pointer.

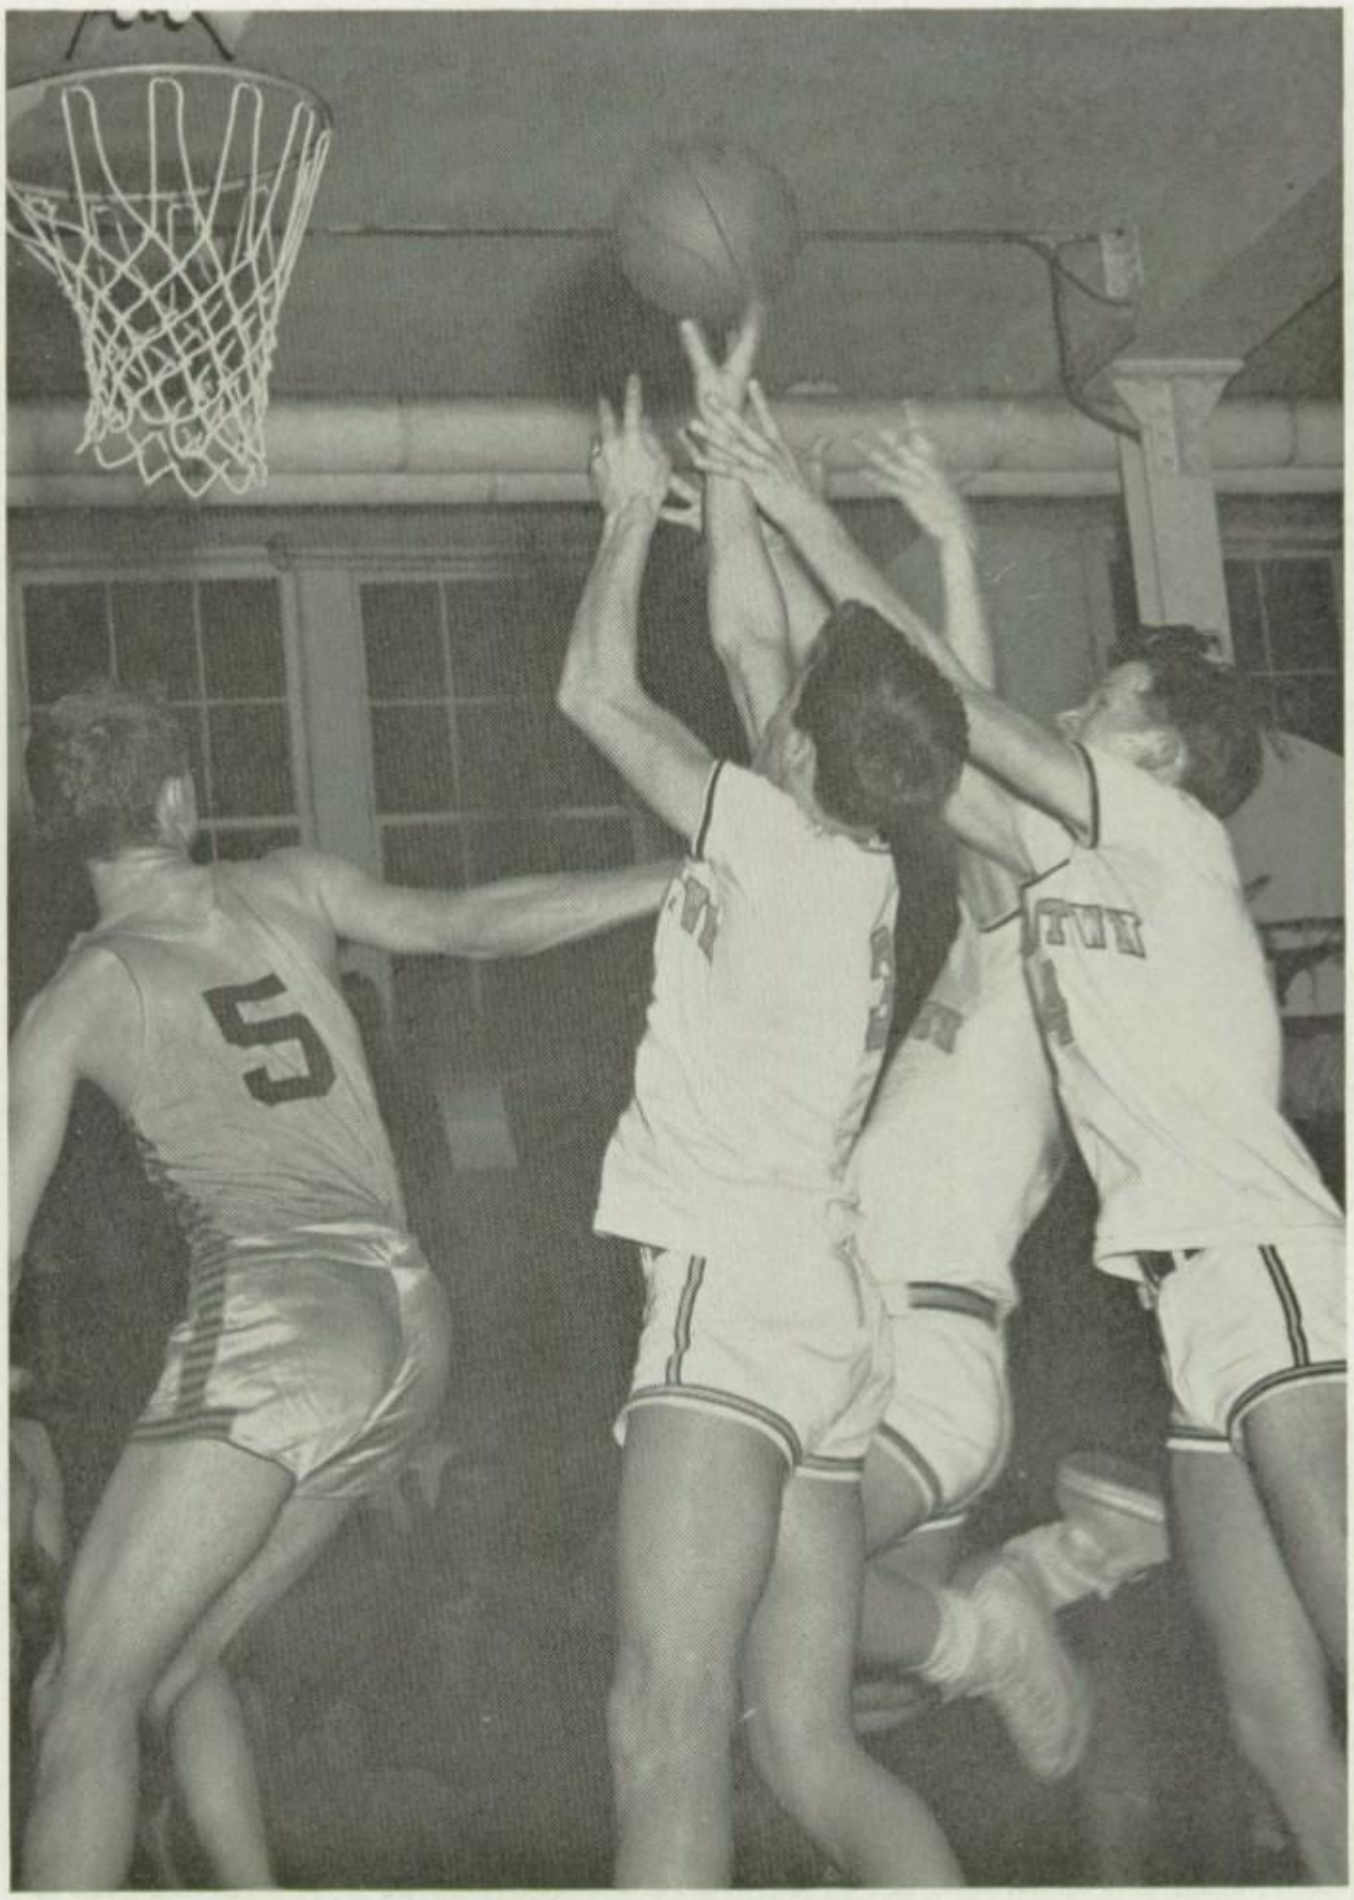
SAFE BALL FOR NOW!

Terry Mose (No. 13) grabs rebound off Martinsburg bankboard with Connie Hemphill ready to help. The Hubs outplayed the Bulldogs over here, playing heads-up basketball all the way.



THREE ARE BETTER THAN ONE

With Donnie Beaver (far right) Jack, Koontz (No. 3) and Leo Burke (2nd from right) going up high to take rebound off their own bankboard, No. 5 of Greencastle doesn't have much of a chance.

TWO "PERNTS" FOR OUR SIDE

Capt. Terry Mose goes up for a try and makes two points for Hubs against Greencastle. Ott Long (far right) and Leo Burke (over No. 5's left shoulder) are set to get rebound if there is any. Greencastle couldn't stop Maroon's attack; lost out.

DO YOU FEEL TIRED? RUNDOWN

Going after loose ball are John Ramer (back to camera) and Connie Hemphill. Connie recovered ball while Johnny very capably blocks off No. 16. Hubs upset highly touted Bulldog team.

ADVERTISEMENTS

Pangborn

EDUCATION is much more than the study of science, history, languages and mathematics—these subjects are basic and important but at best are only the foundations on which we must build such qualities as tolerance, truth, justice, moral courage and understanding. Man's recent progress in the physical and mechanical sciences has been remarkable. But more wisdom and skill in the field of human relationships is the great need of today, the greatest challenge of our time. This is by far the most urgent problem facing us today and one which you, our young people graduating in 1950, will have to help solve.

Getting Down to Earth

Silk tumbling into empty space, seven hundred fifty bootsoles itching for the impact of solid ground . . . this is getting down to earth in the air age!

Millions of man-hours went into this one moment of sky-borne drama.

For pilots, it meant careful briefings, weeks of practice, hours flying in formation—plus long years of flight training . . .

For crewmembers, it meant days of mechanical tune-ups and flight checks—based on a wide-ranging technical aviation background . . .

For the paratrooper, it meant scores of classroom lectures and demonstrations along with arduous physical conditioning—a perfect coordination of mind and muscle . . .

For the U. S. Air Force and the U. S. Army, it meant the application of world-wide combat experience, an extensive training program and a complex and efficient system of screening personnel . . .

Getting down to earth is much more than a routine maneuver. It is human resourcefulness and engineering skill put to the test. It is the triumph of TEAMWORK in the new air age.
